149 Bldg 50

TO: W. B. REYNOLDS

SUBJECT: Stanford Research Institute Study for Test Operations Div.

Attached is a copy of an SRI letter dated December 30 from J. A. Remington indicative of their acceptance to execute our requirements under their Office of Naval Research contract, and I would interpret it as implicit that Stanford proposed RS 57-232 remains being and unchanged. The proposed proposed contract is being interpreted.
